

To my friends at Great Bear,

I just want to say thank you to all of the wonderful staff at Plummers Lodge on Great Bear Lake for making our family fishing trip the best that it could be. Andre, Jason and Big Jim made our trip and worked extremely hard to put us on some great fish. After guiding at the main lodge on Great Bear for 6 seasons, I had the incredible opportunity to go to Great Bear as a guest with my Father Terry, my Uncles Peter and John and my cousins Richard, Michael and Scott. We haven't gone on a fishing trip together for over 15 years and we have been talking about going to Plummers for years. From the phone call to Heidi to book our trip right through to the incredible staff that run the lodge and look after your very need, it amazes me to be on the other side and observe how truly great and professional the people are and how hard they work to make every guest's trip the best experience they can. The staff are like family to me and our trip was one that we will never forget. The first day we went to 3rd Bay North where my Dad hooked into a 45lb Laker which was the biggest fish of the trip. Everyone caught a fish over 25lbs and a few over 30lbs. The tree river was great and we all caught some solid Char. It was a pleasure to be in the company of guests that I had previously guided to say hello (Dan, Kirk, Brian, Bruce and Jake) and catch up on how they were doing. We had a great time together as a family and I hope to be back soon (as guide or guest). Thank you to The Boys, Shane, Chummy and Larry. I will miss being there every day and everyone in our family saw why I can't stop telling stories about Great Bear Lake and some of the greatest people I have ever met. I don't know what is better, being a guide or a guest but I know one thing, I have to go back to Great Bear Lake.

PS: We missed you Tony, and your campfire stories

See you next time,
Adam Kilburn
